

iteraplan Documentation Home - Release 5.2

iteraplan is the Amazing Enterprise Architecture Management Tool, provided by [iteratec GmbH](#). iteraplan features extensive analysis capabilities, customizable reports and individual visualizations. The tool supports iteratec's Best Practice EAM Method and fulfills requirements from various stakeholders regarding documenting, analysing and planning the Enterprise Architecture.

Here you can see an overview of all available documentation for iteraplan **5.2**, which is the **major version** released end of April 2016.

Installation Guide

The [Installation Guide](#) section describes how to install and run iteraplan 5.2 and the light-weight identity management system iTURM.

User Guide

The [User Guide](#) section illustrates the use of all features and functions in iteraplan.

PDF Download

Here you can download the [Installation Guide](#) and [User Guide](#) for version 5.2 in PDF format.

Feedback

Want to provide feedback? [Here's the place](#) for your comments.
